Dear Property Owners:

I would like to take this opportunity again, to thank our Board of Directors and Advisors for their generous contribution to our community. They have given many hours of their time to insure that our property is maintained and improved. I invite you to walk through our reservation and see first hand what a great job they have done.

We have completed the painting and or repair of our sun shed, life guard stands, shower stall, picnic area, barbeque, fences, roads, speed bumps, storage shed, landscaping and entrance. Our cement masons have painstakingly hand cut each and every stone which is set in mortar in the building of our entrance monument and planter.

In a short period of time we will build a swing set and play area for the young children of our community.

For many members and families this past summer has been most enjoyable at our reservation. The overwhelming majority of members have cooperated with our rules and regulations concerning dogs, garbage, etc.

In addition, many families enjoyed sunset barbeques at our picnic area.

Our beach was supervised, this summer, by several life guards, with many people who live within our own community. People young and old were seen fishing from our bulkhead and jetty. Our annual celebration and BBQ was a resounding success. In excess of 500 families and friends attended and enjoyed the fabulous tasting food, drinks, and our ice cream

truck. Many folks young and old danced to the music on our beach. And many thanks go to the members who worked so hard to prepare the most delicious food. We look forward to our very next celebration on Saturday, July 10, 2010.

Our boating community enjoyed a storm free summer. Town water was available to all our boaters. A special thanks to Bruce Hoek our assistant dock master. Bruce works above and beyond to inspect all boats, dock lines, ladders and docks for the safety of all our boaters.

Our reservation will be open, on a limited basis, throughout the winter months.

Thank you for your continued cooperation.

Sincerely,

Again, Fall and Winter are upon us. It's time for members who are leaving for warmer climates to let us know how long you will be away and what your winter mailing address will be. We need this information so we can forward your important CBPOA mailings, which include dues notices, newsletters, boat slip applications and any special notices. As of this writing we have 775 paid members, which will leave us with about 85 unpaid members. We know times are tough but in order to keep the Reservation in the beautiful shape it is in, we have to pay contractors to keep it that way. So if you can, why don't you sit down and write your maintenance fee check out now and drop it in the mail.

**Gate Card Reminder:** Gate cards are a one time issue and are activated upon receipt of your annual maintenance fee. Each paying lot is entitled to one free card and you may purchase up to two additional cards at \$4.00 per card (maximum cards allowed per lot are 3). However, if you are assigned the maximum amount of cards and you lose any and then wish to replace them, it will cost you \$50.00 per card. Please be careful with your cards and keep them in a safe place. Also, if you have a broken or defective card, don't throw the broken cards away. You may get them replaced at no cost by notifying the Gatemaster, Jack Schilling, at 324-3439 and bringing the defective or broken cards to him.

**Boaters:** Please make sure you have all your required information and paperwork (e.g. boat registration, dimensions, insurance info, etc.) necessary for us to process your boat slip application. Remember: Boat slip applications will not be processed without all necessary info and forms. Boat slip applications and dues notices will be mailed to you around the middle to the end of December 2009. The boat slip application should be filled in completely and include any other necessary forms. Mail the boat slip application, application fee and maintenance dues fee back to us by February 15, 2010 or earlier, if possible.

**Important: Please make out separate checks for the maintenance fees and boat slip fees as they go in different accounts.**

**NOTE:** Boat slip applicants who were not in the marina in 2009 will have to request an application from the Dockmasters or the Secretary after the middle of December 2009. They may also choose to download a boat slip application from the Internet at our website address [cbpoa.net](http://cbpoa.net) around the end of December. Remember to get all applications to us by February 15, 2010.

**Kayakers and Canoers:** There is a fee for storing your kayak, canoe or small boat in the canoe rack for the 2010 season. If you wish to store your kayak, canoe or small boat in the canoe rack you must request and fill out a canoe rack application, which is available from the Secretary or Dockmaster in January 2010.

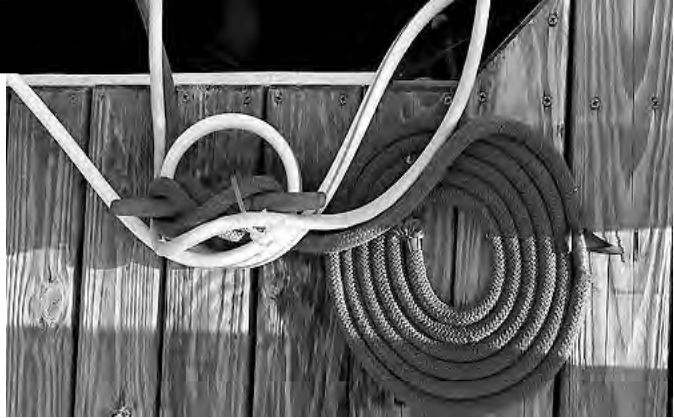

No boats are allowed to be stored in the marina over the winter.

**TO ALL MEMBERS:** Maintenance fee notices will be sent to all members at the mailing address currently listed in our files by the first week in January 2010. If you have moved or are planning to move by the end of 2009, please make sure that we have your current mailing address so your mail does not get lost. Phone callers to the Secretary for info: Please note that the hours for receiving CB-POA phone calls are from 10:00 AM to 6:00 PM. I will be glad to answer any questions regarding CBPOA (if I can) during those hours only. The phone number is 631-907-9032. Have a good & safe Winter and enjoy the Holidays.

**Rod Grille**  
*Executive Secretary*

## *from the Dockmaster*

The 2009 boating season is coming to a close. Once again all our slips at the marina have been rented and we have been fortunate to experience minimal problems. In the near future, 2010 season applications will be sent to the boaters who have had a slip for the 2009 season and those who have requested a boat application. Slip applications and emergency data forms will be available on the Web in mid December at [www.cbpoa.net](http://www.cbpoa.net). Marina Rules and Regulations will also be posted.

Boat slip fees for the 2010 season will remain at \$30 a foot. However, the minimum boat slip fee will be for a 20 foot boat. Once again, boaters who desired a slip at our marina must submit a certificate of insurance (COI) and a copy of their boat registration. The COI must indicate marine liability insurance coverage and in addition indicate spillage coverage if the boat has permanently installed fuel tanks. It is also required that the COI form denote Clearwater Beach Property Owners Association (CBPOA) as an interested party. No slip assignment will be considered if the above items are not submitted with the boat application. Once again please send only the COI form instead of the entire boat policy.

To insure the same slip assignment for next year, submit your data by February 15, 2010. Late application filing can result in a slip assignment change. Applicants with missing data will have their slip assignment postponed with a possible change or no assignment at all.

All community members, who submitted their applications prior to February 15, did receive a boat slip. It is important to note that during the boating season no refund will be provided if no replacement boater can be found for your slip.

A couple of boaters were observed coming into Hog Creek at excessive speed and creating wakes. There is a no wake rule in navigating the waters of Hog Creek. Boaters not abiding to this rule could forfeit a slip assignment at the CBPOA marina in the future.

We will continue the policy of notifying boat owners if their boat is in danger of sinking. If the boat owner does not respond, we will contact a marine service to pump out the boat. CBPOA will pay the pump-out fee set by the marine service and then bill the boat owner. The boat owner should periodically check the floating condition of their boat particularly after a rain storm. Please call the Dock Master (324-5364) or Assistant Dock Master (Bruce Hoek - 324-0810) for boating problems at our marina.

In order to track canoes/kayaks at our rack storage area, the board is again requiring identification in the form of unique marking, name tag/lot number tag with the identification denoted on the application. The board has experienced problems with owners placing their canoes/kayaks on the rack without notification to the board. These boats were removed from the rack and kept until an owner claimed them. The Owners of canoes/kayaks must remove their small vessel from the rack by November 19, 2009.

Our security system will be operational for the next boating season. Although installed to protect the reservation and marina, the system can be an aid for boaters at the marina. If you have experienced problems at the Reservation, please inform our secretary Mr. Rod Grille, the Assistant Dock Master or myself. This should be done within a few days. Security recordings are discarded after several days and therefore are not available for playback. We ask that all boaters to review the Marina Rules and Regulations which they will receive with the slip assignment.

I would like to thank all the people who have helped with keeping our marina in a safe condition and in particular Mr. Bruce Hoek for his efforts as Assistant Dockmaster.

---

# COOKING LONG ISLAND'S BOUNTY

By Phyllis Mallah

Now that the cold weather is upon us, it's time to turn on the oven and cook some of the dishes that offer us comfort while they warm the house. Fall harvest includes all kinds of delicious squashes. The following are two quick and easy recipes, which use two of the most common winter squashes harvested in the fall.

## Acorn Squash with Balsamic Dressing

2 acorn squash  
1 cinnamon stick

1 cup of balsamic vinegar  
3 whole cloves

2 tbs. of honey

Place the vinegar, cloves, cinnamon stick, and honey in a pan and boil for 15 minutes until the mixture thickens and becomes syrupy. Allow to cool. Wash the squashes and with a peeler remove the skin from the ridges that jut out from the body of the squash so that the squash's outer body looks like it has green and yellow stripes. Then halve the squashes and scoop out the seeds. Cut the halves into half-inch stripes and toss with olive oil. Put in a pan and roast for approximately 30 minutes. Since the hardness of squashes can vary, be sure the squash is fully cooked. Drizzle the balsamic syrup on the roasted squash strips.

## Stuffed Roasted Chicken with Vegetables

1 whole organic chicken  
2 tbs. olive oil  
Italian bread for stuffing  
A large sweet onion  
Shitakes mushrooms

3 parsnips  
1 butternut squash  
1/2 cup currants  
3 parsley sprigs  
2 garlic cloves, smashed

Prepare the chicken by washing and patting dry. Salt and pepper the cavity and skin. Cut the vegetables into small pieces. Rip the bread into bite-sized pieces and mix with the onions, currants, mushrooms, garlic, parsley and salt and pepper to taste. Stuff chicken with bread mixture and rub outside of chicken with olive oil putting a thin coating on pan. Put chicken into oven at 350 degrees. Roast chicken for forty minutes or so, depending on the size of your chicken, before adding the parsnips and butternut squash. If you feel the parsnips or the squash are particularly hard, you want to par boil them. Also, if time is a factor, the vegetables can be cut the day before and stored in an airtight container.
